

## Indoor Planting Solutions

Ambius is the global leader in designing smarter, healthier spaces. With 35 locations across North America, Ambius is able to serve customers no matter where they're located, with local managers and teams able to make decisions in order to provide the most responsive customer service for customers.

Ambius has a global reach, with operations in 15 countries beyond the U.S. and Canada. Their international reach enables them to regularly advance their full-service approach with learnings from a consortium of experts around the globe.

Known for their world-class, legendary service, Ambius prides itself on being your local full-service partner. From the spark of an idea to ongoing maintenance and care, the diverse team of experts – award-winning designers, construction professionals, career horticulturalists, hygiene specialists, and more – helps customers keep their spaces smarter, healthier, fresh and thriving year-round.
