

## Maximizing Food Safety and Work Safety

For nearly 30 years, Steritech has been an industry leader and pioneer, providing innovative solutions that mitigate risk and drive growth.

Steritech is the market leader in providing food safety and operational assessments that enhance customer experience, conducting more than 200,000 assessments annually in the restaurant, grocery and supermarket, convenience store, hotel & lodging and retail store industries.

Throughout their various assessments, Steritech specialists provide an objective but positive experience, while also taking time to educate customers on the “how” and “why” behind the standards.

At the end of each assessment, Steritech highlights what's done well and where there's room for growth, giving locations the real-time knowledge and insight they need to improve.
