

High Quality & Cost-Effective Integrated Facility Support Services

KBS delivers essential facility services that help customers and employees stay safe. KBS has deep expertise in maintaining healthy operations for clients with the highest standards of performance and compliance.

KBS partners with clients to maintain healthy operations across over 75,000 locations including over 250,000 COVID-19 responses nationwide. The KBS team works as an extension of their clients' team, helping anticipate issues, ensure quality, and improve efficiency.

KBS is thousands of team members and service partners strong with a network of managed resources, enabling them to deliver results at the scale and to the specifications clients require. Services include:

- Comprehensive Contract Cleaning Program
- COVID Cleaning
- Floor Care

Program Features

- National Service Provider
- Negotiated Pricing
- Green Seal Certified Product Usage
- Ecologo Compliant
- Membership on Sustainability Councils
- KBS contributes up to 6 points per building towards LEED-EB Certification.
