

## One-Stop-Shop For Foodservice Equipment Parts

Parts Town is the leading distributor of OEM (original equipment manufacturer) foodservice equipment parts for repairs and preventative maintenance.

The company has partnered with over 1100 manufacturers to support your needs for categories like: ice machines, refrigeration, dish washing, cooking equipment, freezers, water filtration, holding & warming, fryers, ovens & ranges, HVAC, plumbing, laundry, and more.

The Parts Town state-of-the-art distribution center houses the most in-stock parts on the planet. The corporate office sits adjacent to the distribution

center in the greater Chicago area. Anyone can do order fulfillment, but Parts Town thinks their customers deserve more. They can rely on the company to always deliver real OEM parts AND the next big breakthrough – another groundbreaking innovation. Parts Town is never done listening, learning, collaborating, and creating to make their customers' jobs easier.
