

Integrated Facility Solutions

Facility Solutions Group (FSG) is one of the nation's largest integrated facility solutions providers, delivering electrical, lighting, signage, energy, and infrastructure services through a nationwide network of 3,500+ employees across 43+ locations. Through this program, FSG provides foodservice and hospitality operators with a single source for electrical maintenance, LED lighting upgrades, signage, EV charging, solar, building automation, and energy management solutions.

From single-site projects to nationwide rollouts, FSG helps operators reduce costs, improve efficiency, maintain compliance, and enhance the guest experience with consistent program management and proven execution.
