

A Spotlight on Lighting Solutions

Feit Electric is a family-owned lighting business that began in 1978. Today, we are a global leader in lighting. We build innovative, energy-efficient solutions that make homes and properties safer, and more sustainable. We focus on a full range of LED light bulbs and indoor/outdoor fixtures with the latest technologies. In addition, we manufacture "Smart" wi-fi compatible products including light bulbs, fixtures, floodlight cameras, and landscape lighting.

Their products are sold across major commercial distributors including HD Supply, Grainger, and Ferguson. They are a prime supplier to major retailers such as Home Depot, Lowes, Target, and Walmart.

Program Features & Benefits

- Continuous focus on minimizing carbon footprint with alternative environmentally-friendly reduced size and recyclable packaging.
- Available through HD Supply, Grainger, & Ferguson.
- Smart bulbs connect via Wi-Fi and the Tuya/Smart Life ecosystem, which is compatible with thousands of other devices.
