

High-Quality Janitorial Services

ServiceMaster Clean® is a leading commercial cleaning provider delivering customized janitorial and specialty solutions across a wide range of industries. With trained teams, proven processes, and advanced technologies, the company ensures consistent, safe, and high-quality results.

Services include routine janitorial care, floor and carpet cleaning, disinfection, window washing, and specialty projects, all tailored to each client's needs. ServiceMaster Clean® is also expanding into full facility support, offering solutions such as lawn care, pest control, snow removal, and handyman services. Using EPA-approved disinfectants and technology-driven quality assurance programs, ServiceMaster Clean® helps reduce cross-contamination, improve indoor environmental quality, and create clean, safe, and professional spaces.
